STATEMENT OF COMMITMENT TO CHILD SAFETY AND CHILD SAFETY PRINCIPLES

Bridgewood Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

- Principal is responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Child Safety and Wellbeing Team on child safety. The Child Safety and Wellbeing Team meets regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The Student Reference Group provides an opportunity for students to provide input into school strategies.

Our Wellbeing Risk Management Committee monitors the Child Safety Risk Register.

CHILD SAFETY CODE OF CONDUCT

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

MANAGING RISKS TO CHILD SAFETY AND WELLBEING

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register on Compass is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Identified risks are acted upon promptly in accordance with Bridgewood and Department of Education policies and guidelines.

ESTABLISHING A CULTURALLY SAFE ENVIRONMENT

At Bridgewood Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- lead a child safe environment - act to protect children from abuse and build an environment where children feel respected, valued and encouraged to reach their full potential.
- develop a culture of child safety embedded throughout Bridgewood Primary School so that child safety is part of everyone's everyday thinking and practice. Such a culture is achieved through proactive leadership in demonstrating the appropriate values, attitudes and behaviours of an organisation.
- implement a range of strategies and initiatives to foster a culture of openness, inclusiveness and awareness ensuring children and adults know what to do if they observe or are subject to abuse or inappropriate behaviour.
- staff and volunteers consider the safety of all children, and recognise the importance of cultural safety for Aboriginal children, cultural safety for children from culturally and linguistically diverse backgrounds, and the safety of children with a disability.
- take preventative, proactive and participatory approaches to child safety issues. The safety and wellbeing of children at Bridgewood Primary School are paramount and given consideration when developing activities, policies and management practices.
- leadership and school council are responsible for embedding a culture of child safety at Bridgewood Primary School. Leadership takes the lead in protecting children from abuse and is made aware of child abuse allegations and risks and takes responsibility for ensuring an appropriate response.
- Bridgewood Primary School ensures that all allegations of child abuse and child safety concerns are treated very seriously. This includes complying with all legal requirements, including reporting suspicions of child abuse to police and/or child protection.
- Bridgewood Primary School adopts an approach to prevent, detect and respond to child abuse risks. This includes a risk management strategy and policy that sets out how we identify, assess and the steps taken to reduce or remove child abuse risks.
- takes all reasonable steps to ensure that it engages the most suitable and appropriate people to work with children. This includes police record and identity checks, Working with Children Checks where required, face-to-face interviews and detailed reference checks from previous employers.
- ensures that volunteers and employees who work with children have ongoing supervision, support and training so that their performance is developed and enhanced to help protect children from abuse. The Principal or her delegate are persons in our school who have knowledge of child safety issues and could be a point of contact for others who have questions or concerns or want to report an allegation of abuse.
- Promote inclusion for all children and families
- Promote a culture that supports:
 - cultural safety for Aboriginal children, for example by working in partnership with Aboriginal peoples and Aboriginal community controlled organisations
 - cultural safety for children from culturally and/or linguistically diverse backgrounds, for example by using inclusive language and images in policy documents and communications such as the website and newsletters

- the safety of children with a disability, for example by ensuring our organisation is accessible to everyone and ensuring appropriate training and supervision of staff and volunteers working with children with a disability.

Our Aboriginal and Torres Strait Islander Education Plan outlines the measures we have in place to maintain an inclusive and culturally safe school for Aboriginal children and students.

STUDENT EMPOWERMENT

To support child safety and wellbeing at Bridgewood Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging. Leader in Me practices, implementing our whole school approach to Respectful Relationships, our student Code of Conduct and our school values

We inform students of their rights through the Leader in Me program and our whole school approach to Student Engagement and Wellbeing and Protective Behaviours program which give students the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information at the school reception or on Compass for referral onto the leadership team.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

FAMILY ENGAGEMENT

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Bridgewood Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

Staff are expected to:

- taking all reasonable steps to protect children from abuse
- treating everyone with respect
- listening and responding to the views and concerns of children, particularly if they are telling you that they or another child has been abused and/or are worried about their safety or the safety of another
- promoting the cultural safety, participation and empowerment of Aboriginal children
- promoting the cultural safety, participation and empowerment of children with culturally and/or linguistically diverse backgrounds, having a zero tolerance of discrimination
- promoting the safety, participation and empowerment of children with a disability
- ensuring as far as practicable that adults are not left alone with a child
- reporting any allegations of child abuse to the Principal or delegate and ensure any allegation is reported to the police or child protection
- reporting any child safety concerns to the Principal or delegate
- if an allegation of child abuse is made, ensure, as quickly as possible, that the child(ren) are safe
- encouraging children to 'have a say' and participate in all relevant school activities where possible, especially on issues that are important to them.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- all of our child safety policies and procedures will be available for students and parents on our school website, at school reception or they can be emailed to families. Website - <https://bridgewood.vic.edu.au/>
- PROTECT Child Safety posters will be displayed across the school
- have strong human resource practices to help protect children from abuse.
- foster a culture of openness and inclusiveness, as well as be aware that people who may wish to harm children could target specific schools. Robust human resource practices are a good way of reducing these risks. Human resource practices include the recruitment, training and supervision of all personnel.
- provide opportunities for employees and volunteers to develop and maintain skills to ensure child safety. This will support staff and volunteers to understand the importance of child safety and wellbeing, and enable them to consistently follow child safety policies and procedures.

DIVERSITY AND EQUITY

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's

Complaint Policy.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:
